PROFILE

I am a skilled computer enthusiast currently in third year of university studies at Dedan Kimathi Institute of Science and Technology. I have developed a strong foundation in technical and soft skills. I am now transitioning into the job market and would like to expand my knowledge and experience in these areas. With a passion for innovation and a commitment to quality, I am eager to apply my technical expertise and problem-solving skills to drive success in a dynamic and challenging environment.

I have proficiency in several programming languages, including JavaScript, NodeJS, and Python. Additionally, I am well-versed in MySQL for database management. My familiarity with these languages allows me to tackle diverse technical challenges. Beyond coding, I am adept at using essential tools such as Linux, Bash, Docker, Git, and GitHub. These tools enhance my productivity and enable efficient collaboration with other developers. Furthermore, I hold certifications in NDG Linux Essentials and CCNA Routing and Switching: Introduction to Networks.
